Auditor's Comments: Machine 5127073 contains test ballots that were included in the audit data for several precincts

WARNING: This audit indicates that audit data is missing.

Auditor's Comments: The county reported the count should have been 601 Swansea #2, the 14 votes came from one machine that was not closed at the precinct, instead of 587 should have been 601, and that the total # of votes cast got added in twice so 14 ballots were counted twice.

There was no iVotronic audit data for the virtual precincts.
